**GENERAL INFORMATION:** 
**OZONEM** 180EC is a slow-acting bait based nematicide for the control of nematodes on French beans and tomatoes. 

**MODE OF ACTION:** Ozone in a compound of unknown or uncertain mode of action, offers a multiple mode of action of insects and nematodes as follows: An antifeedant, through interference with normal feeding behavior of victims. Anti-feeding, which drives insects away from the area. A reduction of both enzymatic and metabolic activity. 

**RECOMMENDATION FOR USE:**

**CROP** | **PEST** | **APPLICATION RATE** |
---|---|---|
Tomatoes | Nematodes | Foliar: 0.5L Ha-1, 10ml/2L |
French beans | Thrips, aphids | Foliar: 0.5L Ha-1, 10ml/2L |
French beans | Thrips, whiteflies | Foliar: 0.5L Ha-1, 2L/2L |
Herb-Corridor | Thrips, whiteflies | Foliar: 0.5L Ha-1, 2L/2L |

**Preparation of Spray Mixture:**
- Fill half the spray tank (Knapsack) with water. Add the required amount of OzoneM as required by the label, then fill the tank to the required level and mix or agitate thoroughly to uniformly.

**Application Timing & Technique:**
- Start spraying OzoneM only after the first signs of pest infestation are noticed. Where high infestation exists, a second application is recommended 7 - 10 days later. Ensure a good coverage of the crop canopy by using a spray volume of 1000L per hectare. On corridor plots, 6.6 times the recommended rate, using a spray volume 1000L/ha. Apply soil spray or through drip irrigation at a rate of 5 liters per hectare for nematode control.

**Hazard/Precautions:**
- Handling: Wear long-sleeved protective clothing, gloves, face shield/safety goggles and respirator when preparing the spray mixture and in addition impermeable boots when spraying. Avoid, breathing the spray mist, contact with skin, eyes and clothing. Do not apply upwind and stay out of the spray mist. Do not spray over food or feed or surfaces where food is prepared, eaten or stored. Do not smoke, drink or eat while handling the product.

**After Work:**
- Change protective clothing and wash thoroughly with soap and plenty of water. Wash the spraying equipment and the contaminated clothing carefully.

**Storage:**
- Keep out of reach of children. Store in tightly closed original container in a cool dry, well ventilated place, under lock key so that unauthorized persons do not have access. Keep away from food, drinks and animal feeding stuffs. 
- Disposal: Triple rinse, puncture or crush empty pouches before disposal in a safe and authorized place in accordance with National regulations on chemical disposal. Do not re-use empty containers for any other purpose. 
- Pesticide spray mixture or reinstate that cannot be used must be disposed where it cannot contaminate surface water and ditches.

**Risks Advisory Precaution:**
- Wildlife And Environmental Protection: OzoneM is slightly toxic to fish and aquatic organisms. Do not contaminate ponds and waterways by direct application, cleaning of equipment, disposal of wash water, and empty containers.

**FIRST AID INSTRUCTIONS:**

**Skin contact:** Remove contaminated clothing and wash all exposed skin area with soap and water. Rinse skin with cold running water. Continue to rinse even if any complaints.

**Eye contact:** Wash off with plenty of water (15 min) if pain persists, consult an eye specialist.

**Inhalation:** Remove victim to fresh air. Keep the patient warm and at rest. If breathing is difficult, give artificial oxygen. If not breathing, apply artificial respiration and seek medical attention. If swallowed: Do not induce vomiting. Wash out mouth with plenty of water. Never give anything by mouth to an unconscious person.

**Medical advice:** Seek medical advice at nearest hospital.

**INFORMATION OF SPOILING:**
- Poisoning: OzoneM is unlikely to cause harm under normal use. Early symptoms of poisoning include headache, nausea, vomiting, dizziness, sneezing, itching, scratchy throat, dermatitis.

**Antidote:** There is no specific antidote known.

**Toxicologist/Treatment:**
- Treat symptomatic and supportive. Give gastric lavage (within 3 hours) if swallowed. 
- Induce vomiting in case of poisoning. Call for help (toll free number) (24hrs): 0807200201/0807301000.

**NOTICE TO USERS:** Pest control products is to be used only in accordance with the direction on the label, a it is an offence under the Pest Control Products Act to use or store a pest control product under unsafe conditions.

**WARRANTY:** Seller's guarantee is limited to the terms set out on the label and subject thereto, the buyer assumes the risk to persons or property arising from the use or handling of the product.

**FORMULARI/WATERMARKS:** Ozone Bieche Labtech, Plot:4, Muhimba Road, Faridabad, Haryana - 121003

**Shelf Life:** 2 years from date of manufacture when stored in original unopened container in a cool dry place.
