

**DESCRIPTION:** PROFFIT 300 EC is a broad spectrum systemic fungicide with preventive and curative action for the control of Powdery Mildew on roses.  
**Mode of action:** Proffit 300 EC is a fungicide with two active ingredients namely, Difenoconazole which has acropetal and strong translinar translocation and Propiconazole which is translocated principally acropetally in the xylem tissue.

**DIRECTION FOR USE:**  
**Application Time:** Start applying PROFFIT 300 EC at the onset of disease development.

Application Rate		
Crop	Disease	Rate
Roses	Powdery mildew	0.30 Litres/ha (6ml in 20litres water)

**Re-entry period:** Do not enter treated areas until 6 hours after spraying unless wearing appropriate protective clothing.

**Application methods:**  
**Roses:** Apply PROFFIT 300 EC by using at least 1000 litres of spray volume per hectare (300ml of PROFFIT 300 EC per hectare)  
**Preparation of spray mixture:** Fill spray tank with half the amount of the required water. Add the required amount of PROFFIT 300 EC and fill the water to the required level. Agitate to ensure thorough mixing.

**SAFETY PRECAUTIONS:** Avoid contact with skin and eyes. When using, do not eat, drink or smoke. Wear overalls, safety glasses, and impervious gloves. Wash contaminated clothing and other protective equipment before storage or re-use.

**STORAGE:** Store in a closed, original container in a cool, well-ventilated area. Do not store for prolonged periods in direct sunlight. Keep out of reach of children.  
**DISPOSAL:** Triple rinse and puncture empty containers and dispose by burying in a safe designated place away from water sources. Do not reuse empty containers.  
**ENVIRONMENTAL HAZARDS:** PROFFIT 300 EC is toxic to birds and aquatic organisms. Do not contaminate streams, rivers or waterways with the chemical or used containers.

**FIRST AID INSTRUCTIONS:**

**Skin contact:** Wash off thoroughly with plenty of water and soap.  
**Eye contact:** Rinse immediately with plenty of water for at least 15 minutes.  
**Inhalation:** Move to fresh air. Keep the patient warm and at rest.  
**Ingestion:** Do not induce vomiting. Rinse mouth.  
**In case of poisoning, call (24hr) toll free number 0800720021 or 0800730030.**

**TOXICOLOGICAL INFORMATION:**

Poisoning symptoms: Headache, nausea, loss of appetite.  
**Antidote:** There is no known antidote.  
**Note to physician:** Treatment should be symptomatic and supportive.
