REI: DO NOT enter treated areas without protective clothing until the spray has dried.

HAZARDS/PRECAUTIONS:

HANDLING: Wear suitable protective clothing, gloves and face shield when preparing the spray mixture, when spraying and cleaning up the spray equipment. Do not inhale the spray mist; avoid contact with skin, eyes and clothing. Do not apply upwind and stay away from the spray mist. Wash the spraying equipments and any contaminated clothing carefully. DO NOT smoke, drink or eat when handling this product.

STORAGE: Store safely under lock and key away from children, food and foodstuffs. Do not store for prolonged periods in direct sunlight. Store in a tightly closed original container away from children, food and feed.

PHYSICAL AND CHEMICAL HAZARDS: DO NOT use or store near heat or open flame.

DISPOSAL: Dispose of by triple-rinsing, crushing and perforating empty containers. Dispose of in a safe place, away from water supplies in accordance with national legislation and regulations. Do not re-use empty containers for any other purpose. Pesticide spray mixture or rinseate that cannot be used must be disposed of in a safe place where it cannot contaminate surface water and ditches, or by spraying it on a fallow land.

PESTICIDE LEAKAGE AND SPILLAGE: In event of heavy spillage, collect the contaminated soil layer and bury in an authorized place away from water supplies in accordance with national legislation and regulations. Soaking in sand, soil or saw dust may collect small spillage. Contaminated absorbent material must be stored in marked waste bins prior to disposal in authorized land-fill site. The pesticide stock must be decontaminated by washing with a lot of water.

ENVIRONMENTAL HAZARDS: RONDOPAZ 480SL® is toxic to fish and other aquatic organisms. Do not contaminate ponds and waterways by direct application, cleaning of equipment, disposal of waste or empty containers.

FIRST AID INSTRUCTIONS:

Skin contact: Remove contaminated clothing and thoroughly wash the affected parts of the body with soap and water.

Eye contact: Rinse immediately and thoroughly with plenty of water for at least 10-15 minutes. Eyelids should be held open to ensure thorough rinsing. Seek medical advice if pain or redness persists.

Inhaled: Immediately remove to fresh air and keep patient warm. Call a physician immediately.

If swallowed: Do not induce vomiting. Do not give anything to an unconscious person. Consult a doctor.

NOTE OF PHYSICIAN: Treat symptomatically.

ANTIDOTE: No specific antidote exists. Treat symptomatically and supportively.
